ADDENDUM

RCA CD-9400 Compact Disc Changer

Cat. No. 42-7004

In your Owner's Manual, the sections "Assigning CDs to a Custom Group" on Page 11 and "Scanning Your Best Tracks" and "Scanning Previous CDs" on Page 12 incorrectly state that the changer retains your selection of custom CD group memory, best memory, and previous scan memory for up to 2 days in the event of a power loss. In fact, the changer only retains memory for a few minutes when power is lost.
